Video: Kows ha Flow 1. "Orright?"

1.2a Meet and Greet Vocabulary

1.2b Meet and Greet Vocabulary Extension

1.3 "Orright?" script

Video: begin by playing the video [*Kows ha Flow 1. Orright?*] this will introduce the group to the general vocabulary used in the session and model how a simple conversation might be conducted in Cornish.

Activity 1: 'Meet and Greet'. Run through the vocabulary for a simple conversation [*1.2a Meet and Greet Vocabulary*] it often helps to associate a hand gesture with each vocabulary item. Use plenty of whole group 'parroting' to get everyone used to saying the terms out loud. Challenge learners to move around the space, conducting the simple conversation in Cornish with as many members of the group as possible.

Once everyone is comfortable with this selection of phrases, you may wish to give a wider choice of vocabulary [*1.2b Meet and Greet Vocabulary Extension*]

Activity 2: 'Helping Hands'. Begin by modelling the game. In pairs, one person stands with arms behind their back, their partner stands behind them and gives them a 'new' set of arms. The person in front must do the talking while the 'arms' provide appropriate gestures.

Activity 3: 'Who are you?' Challenge learners to mingle in the space and practice the assessment questions "Piw os ta?" "...ov vy" and "Pyth yw dha hanow?" "Ow hanow yw..."

Plenary: give out copies of 1.3 "Orright?" script, watch the video again, pausing and discussing any points raised.

Homework: find out the Cornish language name of your street and/or hometown. How many Cornish Language place names can you learn?
