

Go Cornish – Run Around Survey Questionnaire

This is a whole school survey so needs to be completed by pupils in every single class. As Go Cornish Champion you may either choose to oversee each class in turn or ask each teacher to complete a survey with their own class. You'll then need to collate the results into one survey response and submit via the online form or send to primary@gocornish.org.

When asking these questions we recommend checking that pupils understand:

- the difference between using the Cornish language and speaking with a Cornish accent.
- the difference between speaking any other language and the Cornish language specifically.
- that Cornish words are in the Cornish language, not just things about Cornwall.
